

# Farming into the Future

Wednesday 24th November 2010, 7.15pm - 9.15pm  
Pavilions of Harrogate (Aire Room),  
Great Yorkshire Showground, Harrogate, HG2 8QZ

We invite you to an evening meeting to launch Yorkshire's new focus group intended for the younger farmers in the region and interested supporters. The group will offer the opportunity to share knowledge and experiences, develop networks, organise events with key speakers and a social get together, gain valuable opinions and help shape the future of Yorkshire's key players in the industry.

At the Great Yorkshire Show this year we promoted a Young Vets and Young Farmers Forum, in addition to this the Yorkshire Agricultural Society also have visions for a focus group for the region. We have therefore combined these two concepts to strengthen the establishment and support for the group.
